Thorndike, Maine 04986

Dear Steve and Brenda,

Bret and I would like to thank you for the memorable bear hunt this past September.

This was a father and son event that will always be special to us. This is the third time I have hunted with you and every hunt has been outstanding. I am not sure what thrilled Bret the most, hunting over the hounds or bagging a bear. This was Bret's first big game hunt, other than local deer hunting, and the memories of this hunt will be thrilling for a lifetime. I wish every parent who hunts with their child could experience what we did.

Hunting is what brought us to Spruce Mountain Lodge but you and the staff is what makes it special. Trevor, Carl, and Linda adds to the family atmosphere and the comfort of our stay. The guys who joined the hunt to help out or run their dogs really adds to the hunt. Please thank them for us.

Thank you again for the memorable hunt.

Sincerely,

William M. Gesel D.V.M.
